Prajakta Kurle

Full Stack Developer

Portfolio: prajakta.dev
Github: github.com/Prajakta
LinkedIn: linkedin.com/in/prajakta

Full Stack Developer with hands-on experience building and deploying scalable web applications using the MERN stack. Developed and maintained a live e-commerce platform with authentication, payment integration (Razorpay), and admin dashboard. Experienced in both frontend (React.js) and backend (Node.js, Express, MongoDB) development, with a focus on building responsive and high-performance applications.

TECHNICAL SKILLS

- **Frontend:** React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap, Redux
- **Backend:** Node.js, Express.js (REST APIs, CRUD Operations), Java(basics)
- **Database:** MongoDB, MySQL
- **Tools:** Git, GitHub, Postman, VS Code, Chrome DevTools

PROFESSIONAL EXPERIENCE

Freelance MERN-Stack Developer

Jan 2025 – Present

E-commerce Platform(Live Project) : <https://www.woodpara.com>

- Built and deployed a production-ready e-commerce platform with authentication and order management
- Integrated Razorpay payment gateway for real-time transactions and secure checkout
- Developed REST APIs and implemented CRUD operations for products, users, and orders
- Designed admin dashboard to manage inventory, users, and orders efficiently
- Optimized performance and ensured responsive UI across devices for better user experience

UI Developer Intern

Jan 2024 – Mar 2024

CNC WEB WORLD Technologies Pvt. Ltd.

- Developed responsive UI components for an agriculture-based web application
- Improved user interface consistency and enhanced overall user experience
- Collaborated with backend team to integrate APIs and ensure seamless data flow
- Contributed to design improvements and usability enhancements

PROJECTS

Employee Management Dashboard

Developed a React-based employee management dashboard with CRUD functionality and structured data workflows. Integrated REST APIs to enable real-time data handling and seamless user interactions.

Tech Used : React.js, REST APIs, JavaScript, CSS

BrandBasket – E-commerce Web Application (MERN)

Developed a full-stack e-commerce platform with authentication, add-to-cart, search, and category filtering features.

Built admin panel and user dashboard, integrating REST APIs and MongoDB for scalable data and order management.

Tech Used : React.js, Node.js, Express.js, MongoDB, Redux

Currency Converter

Built a real-time currency converter using React with REST API integration for dynamic exchange rates.

Tech Used : React, REST APIs, CSS

EDUCATION

Master of Computer Science, Smt. Kasturba Walchand College, Sangli

2024 | CGPA : 8.4

Bachelor of Computer Science, Willingdon College, Sangli

2019 | CGPA : 6.9

TECHNICAL TRAINING & SELF-LEARNING

- Strong foundation in HTML, CSS, and responsive design
- Good understanding of JavaScript (ES6+), DOM, and API integration
- Hands-on experience with React.js, hooks, and component-based architecture
